Z-620 MARKING MACHINE

For use with Stripe Athletic Field Marking paints. This upgraded machine includes a T-Handle which offers greater control and maneuverability on athletic fields and other turf surfaces which will result in straighter and more defined lines. In addition, the larger 11” wheels provides smoother striping on uneven ground while still maintaining a stripe width of 2” – 5”. All steel construction with the ability to store an extra case of paint the Z-620 works with both the Seymour 20oz (20-644) and 24oz (24-644) athletic aerosol products.

Features and Benefits:

11’ Wheels – smooth striping on uneven surfaces
T-Handle – better control for straighter and defined lines
Can be used with both 20oz and 24oz (Tall) aerosol cans
Adjustable for stripe width – 2” – 5”

Replacement Parts:

#3026 Can Holder Assembly  #3027 Spring Clip Kit  #3031 Trigger Assembly
#3034 Axle  #3038 Spare Fasteners Kit  #3040 Handle Grip
